## PORNOGRAPHY: SOME FACTS

- 51% of male students and 32% of female students first viewed porn **before** their teenage years
- On average, first exposure to pornography among men was 12 years old
- Among regular porn users, 43% started viewing porn between the ages of 11 and 13
- Among teens age 13-17, 8% intentionally sought out pornography daily, 18% sought it out weekly, 57% sought out porn at least monthly
- 15% of 10-12 year olds were unwillingly exposed to nudity online
- Of teens and young adults, just 21% have someone helping them avoid pornography
- 90% of teens and 96% of young adults are either encouraging, accepting, or neutral when they talk about porn with their friends
- 64% of Christian men and 15% of Christian women say they watch porn at least once a month

# CHILDREN AND PORNOGRAPHY

## WHAT IS PORNOGRAPHY?

The word "Pornography" is rooted in the Greek word porneia, which means to practice prostitution, sexual immorality, or fornication. In the New Testament, the Apostle Paul frequently used the word in reference to any kind of sinful and illegitimate sexual activity.

Here are two very helpful definitions of "Pornography" written from a biblical perspective:

*"Pornography is anything we use for sexual titillation, gratification or escape – whether it was intended for that purpose or not."*

- TIM CHESTER, *CLOSING THE WINDOW: STEPS TO LIVING PORN FREE* (INTERVARSITY PRESS, 2010)

*"Pornography is anything that the heart uses to find sexual expression outside of God's intended design for relational intimacy. It is anything that tempts or corrupts the human heart into desiring sexual pleasure in sinful ways."*

- "LIVING IN A 'PORN IS THE NORM' CULTURE" (HARVESTUSA.ORG)

## WHAT ARE THE EFFECTS OF PORNOGRAPHY ON CHILDREN AND TEENS?

- An exaggerated perception of sexual activity in society. . .the belief that "everyone's doing it" and "this must be normal"
- The abandonment of the hope of remaining sexually monogamous
- Belief that sexual promiscuity is natural and normal
- Belief that sexual abstinence and sexual inactivity are abnormal and unhealthy
- Belief that marriage is sexually confining
- A lack of attraction to family and child-rearing
- Negative and/or traumatic emotional responses
- Earlier onset of first sexual intercourse
- The commodification of sex and the sexual objectification of persons
- Increased acceptance of sexual perversions (bestiality, group sex, bondage, etc.) as normal

## WHEN YOU DISCOVER YOUR CHILD HAS ACCESSED PORNOGRAPHY...

1. Control your anger.
2. Go after their heart, not their behavior.
3. Keep a discussion going about biblical sexuality.
4. Examine your own heart. Are you living God's design for your own sexuality?
5. Block the doors. Take steps to restrict access and choices, while engaging them in ongoing accountability.
6. Don't let up or give up. Shepherd them forward in their spiritual lives with the goal of heart change.
7. Evaluate whether or not outside counseling is necessary or beneficial.
